

MRI of Human Dural Lymphatics

By combining exciting new scientific research with osteopathic analysis, Dr. Maud Nerman and Dr. Kenneth Lossing have developed effective techniques for treating traumatic brain injury and the effects of concussion. In this groundbreaking course, Dr. Nerman and Dr. Lossing will focus on how to reposition a distorted brain, increase fluid drainage to flush toxins from the brain, restore dural function and re-establish optimal cranial blood flow. Brain injury is eminently treatable once you understand the mechanisms of action as well as the unique and effective tools that osteopathic medicine provides.

ABOUT THE INSTRUCTORS

Maud Nerman DO, CSPOMM, CA is a graduate of Stanford University and earned her osteopathic medical degree at the New York College of Osteopathic Medicine (NYCOM). She has been in practice for 36 years, focusing on neurological problems, particularly traumatic brain injury. She has developed effective protocols for the treatment of acute and chronic TBI with cranial osteopathic techniques. Dr. Nerman practices in Novato, California.

Kenneth Lossing, DO, C-FP, C-NMM/OMM practices osteopathic manipulative medicine with his wife, German osteopath Margret Klein, in San Rafael California. Dr. Lossing teaches OMM For the American Academy of Osteopathy and in Osteopathic schools around the world.

Dr. Lossing brings a broad teaching background, having taught over 100 courses over a 20 year period in more than 11 countries. He has been a long term student of Robert Fulford DO, Jean-Pierre Barral DO, and many other Osteopathic giants. Dr. Lossing is past president of the American Osteopathic Association.

Treating Traumatic Brain Injury (TBI)

January 26-27, 2019

**Maud Nerman DO, CSPOMM, CA
Kenneth Lossing, DO, C-FP,
C-NMM/OMM**

16 Cat 1-A CME anticipated

Corte Madera Inn
56 Madera Boulevard
Corte Madera California 94925

"After taking Dr. Nerman's Brain Injury course, I was able to see and access things in the patient's body I didn't know were available to perceive and treat. Since the course, my clinical results with my TBI patients have improved dramatically."

--Chris Brown, DO, co-author,

TENTATIVE COURSE
SCHEDULE

Saturday, January 26, 2019

8:00 - 8:30 Registration

8:30 - 9:30 Updated Brain Science and How it Supports the Osteopathic Approach. Nerman - Lecture.

9:30 – 10:15 Letting the brain speak to you- bones, membranes, parenchyma, fluids
Nerman - Lab

10:15 - 10:30 Discussion of the New Science and How Knowledge Informs What We Feel. Nerman

10:30 - 12:00 Trauma and Shock: How to Calm the Chaos and Rebalance the ANS.
Nerman. Lecture & Lab

12:00 - 1:15 Lunch

1:15 - 3:15 The Falx and Dural Stress Bands, including Fulford's Approach.
Lossing. Lecture & Lab

3:15 - 3:30 Discussion of our Mentors and How Much they have given us: Fulford, Miller, Schiowitz. Nerman & Lossing

3:30 - 6:00 The Use of Spiral Techniques to Treat the Bones, Dura and the Brain.
Nerman. Lecture & Lab

Sunday, January 27, 2019

9:00 – 11:00 Treating the Carotids and Jugular Arteries to Promote Drainage and Blood Flow.
Lossing. Lecture & Lab

11:00 – 12:00 Balancing the Heart to Heal the Brain and Body. Nerman. Lecture & Lab

12:00 – 1:00 Lunch

1:00 – 2:30 Attending to the Sella to Treat the Pituitary and the Circle of Willis. Nerman.
Lecture and Lab

2:30 – 3:30 Balancing the Ventricles and Using CSF to Heal the Brain and Body. Nerman.
Lecture & Lab

3:30 – 3:45 Discussion of the Power of the CSF

3:45 – 4:45 The CV5 Technique for Moving the Fluids and Treating the Entire Nervous System.
Nerman. Lecture and Lab

4:45 – 6:00 Summary

Accreditation

This course is sponsored by the Northern California chapter of the American Academy of Osteopathy. 16 hours Category 1-A CME anticipated.

Tuition

Before December 15, 2018

Academy Members \$700
Non Academy Members \$750
Students and Residents: \$400 (Limited availability)
(\$50 discount for previous attendees of a Nerman Course on the treatment of TBI)

After December 15, 2018: Add \$50

Cancellations must be made in writing no later than December 31, 2018. Refunds will be issued less an administrative fee of \$75.00. No refunds will be made for cancellations after December 31, 2018 unless you find someone to take your spot. The Instructors reserves the right to cancel if minimal enrollment numbers are not met.
